STAYING BELOW 2°C: THE CHOICES WE FACE

Dengan target NDC saat ini, kita akan mengarah pada kenaikan temperatur 3,3° C. Apabila tidak ada tindakan mitigasi sebelum 2020, maka akan berdampak luas terhadap keseimbangan kehidupan di muka bumi.

Global greenhouse gas emissions (GtCO₂eq.)

LEGEND

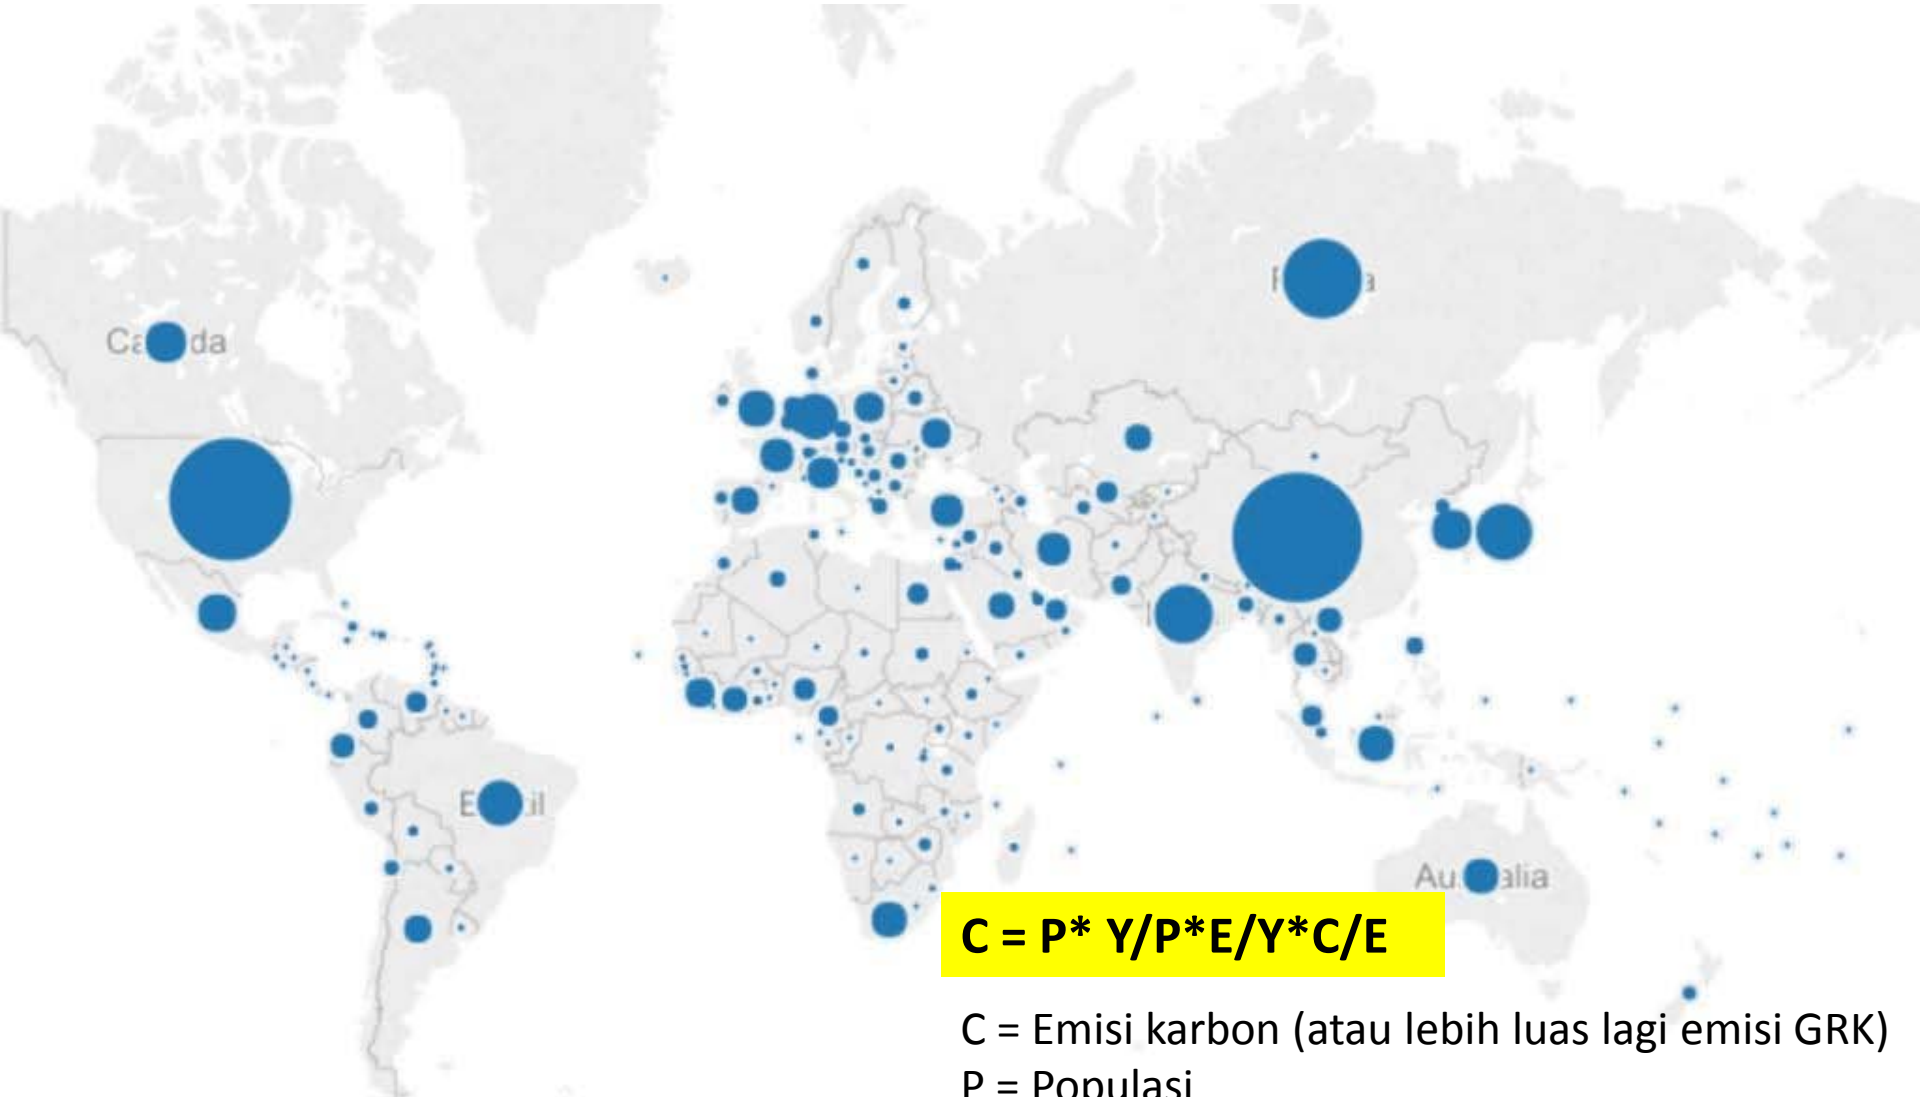

- Business as Usual
- Emission reduction pledges
- 2°C emissions pathway
- Pathway to warming below 1.1°C in 2100

2017

- Adaptation highly questionable
- Unprecedented heat waves
- 20-30% increase extreme precipitation
- Risk of global mass extinctions
- Global crop decline
- Significant Amazon dieback
- Millions risk displacement by sea level rise
- Tipping point for Greenland Ice Sheet
- High risks for regional food security
- Major risk to most coral reefs
- Food production losses

Extreme heat waves with severe societal impacts

Kontribusi Emisi Global

$$C = P * Y/P * E/Y * C/E$$

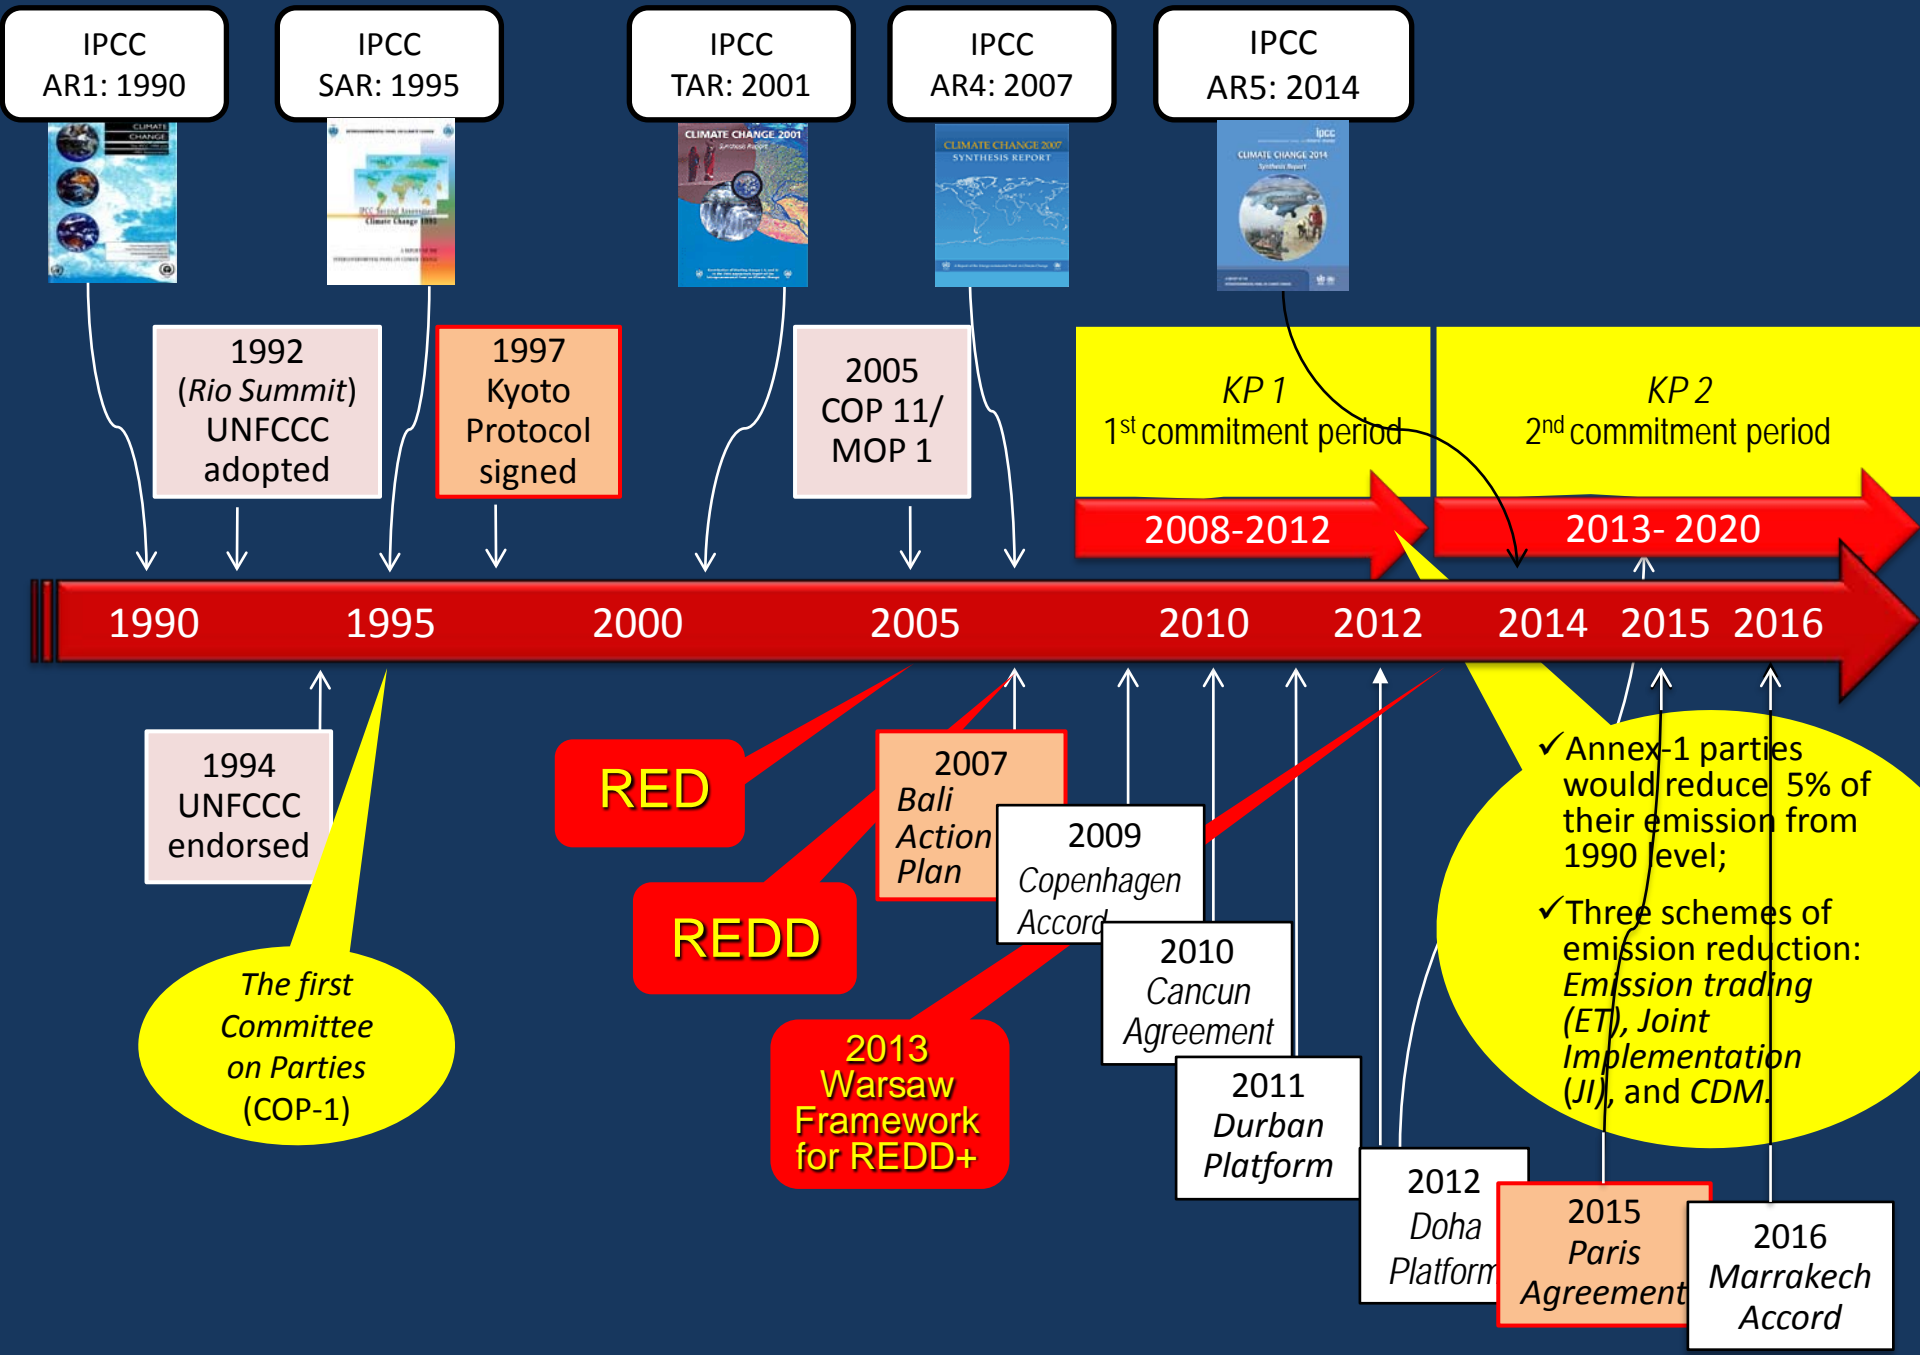

C = Emisi karbon (atau lebih luas lagi emisi GRK)

P = Populasi

Y = Pendapatan per kapita (GDP)

E = Energy yg digunakan oleh manusia

Observers (Non Negotiators)

Any body or agency, whether national or international, **governmental** or **non-governmental**, which is qualified in matters covered by the Convention, and which has informed the secretariat of its wish to be represented at a session of the Conference of the Parties as an observer.

Jenis-jenis persidangan

Plenary

- Sidang Utama yang dapat menyetujui keputusan COP/MOP/ADA/SBSTA/SBI;
- Terbuka untuk semua peserta, termasuk negara peninjau, organisasi internasional, media.

Contact Group

- Dibuat oleh untuk menyelenggarakan diskusi ttg agenda tertentu dengan tujuan untuk mencapai kesepakatan tertentu. Misalnya G77 setiap pagi bertemu untuk mendengarkan pendapat para Pihak atau Grup tentang isu tertentu;
- Dihadiri Negara Pihak, dan biasanya terbuka untuk *observers*.

Informal Consultations

- Biasanya Presiden COP atau SBSTA dan SBI membuat konsultasi informal untuk membicarakan posisi kelompok tertentu untuk mendiskusikan posisi kelompok yang lebih kecil.

Informal Informals

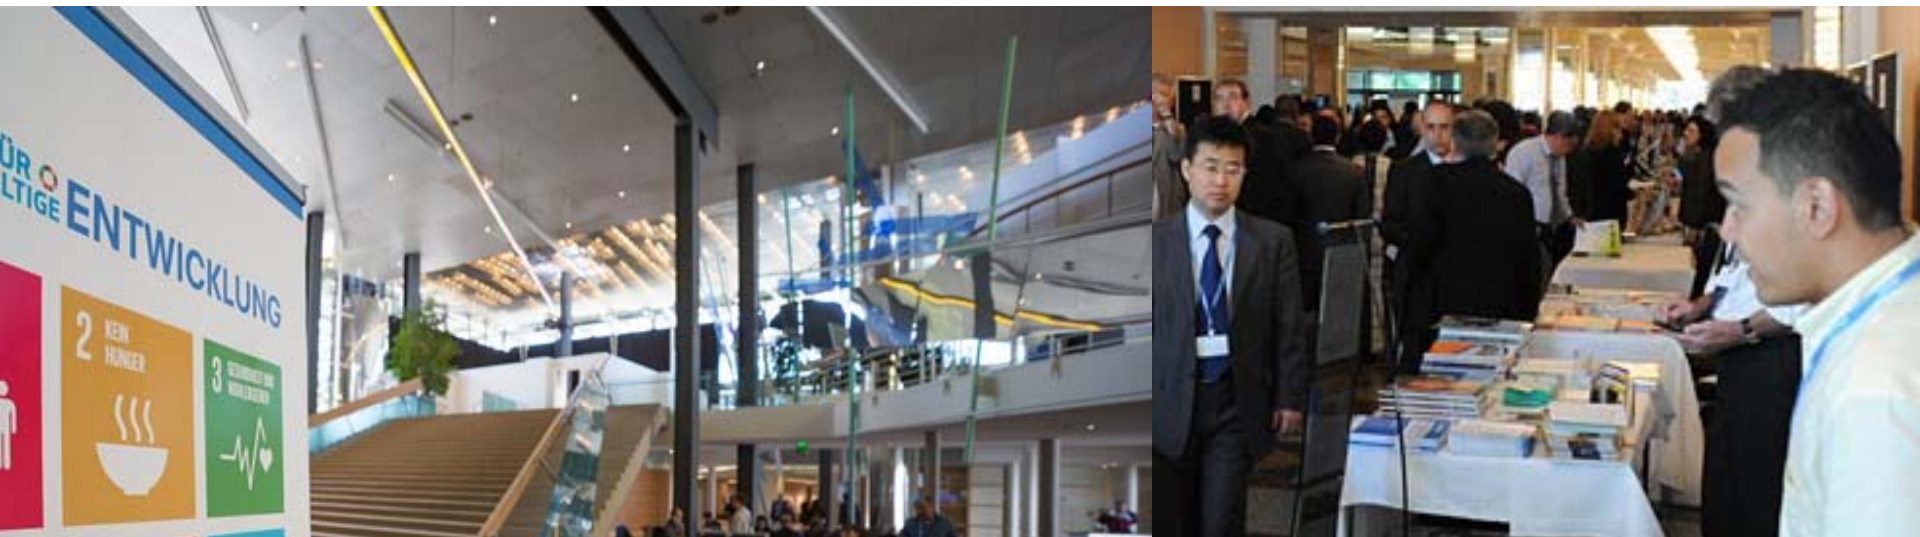

- Kelompok *drafting* atau or *spin-off groups*, untuk mengakselerasi kesepakatan atau memecahkan problem yang spesifik terkait dengan draft decision.
- Biasanya dihadiri para Pihak yang diundang secara terbatas.

Pavilions, other and outside events

- Parties and observer organizations often organize their own events relating to the climate change negotiation process within different Pavilions and outside the conference premises. Some NGOs also hold media actions or publicity activities in order to raise public awareness or to communicate with delegates during the sessions.

Side Events and Exhibitions

- ✓ Dilakukan di sela-sela sidang resmi COP, dan diselenggarakan oleh Negara Pihak, Komunitas LSM, IGOs, lembaga UN, dan UNFCCC Secretariat;
- ✓ Umumnya dalam bentuk *booth*, *workshop* dan seminar terbuka untuk menunjukkan aktivitas (*showcase*) di negara Pihak, juga sarana untuk “menjual” proposal dan pemikiran yang terkait isu tertentu dalam negosiasi perubahan iklim.

High Level Segment (HLS)

HLS biasanya dilakukan pada minggu ke dua acara COP. HLS selama ini dipandang penting karena:

- ✓ **Memfasilitasi kesepakatan isu-isu politis secara global;**
- ✓ **Meningkatkan peliputan media massa** yang tinggi, baik nasional maupun internasional;
- ✓ Menyediakan peluang bagi para Menteri dan pejabat tinggi lainnya untuk melakukan **perundingan bilateral;**
- ✓ Sebagai **petunjuk kebijakan nasional** dengan mengangkat isu P.I. global;
- ✓ Meningkatkan **jejaring kerja** dan komunikasi diantara para Menteri/pejabat tinggi negara Pihak.
